

# PURSUING IDOLS IN MY KINGDOM

- I am created as a worshipper. As a result of the Fall, I was born worshipping myself.
- Because of my **pride**, I attempt to build my kingdom and establish my identity as king. I believe everyone and everything, including God, is subject to me, my desires and demands.
- Because of my **unbelief** in the character of God, I turn to idols that feed my identity as king. I cling to these idols, expecting they will satisfy and fulfill me.

**I believe God joins MY kingdom to ensure my goals are met.**
